Addiction: Crisis and Call

Virtual Conference Etiquette

The following are guidelines for how we will be together online in both the large group and the smaller groups. Please read and follow these guidelines to the best of your ability.

In covenant with others in the group, I will do my best to:

- ▶ • listen attentively with an intention of understanding and with an open mind;
- speak only when another has finished sharing;
- speak from my own thoughts and needs without blame or shame toward others;
- limit my participation so that others may also share;
- ask for clarification when I need it;
- recognize my right to pass when I am not ready to share;
- recognize that others have different opinions from mine, and that no single opinion is correct; and to
- remain “muted” when others are speaking.
